

Budapest TukTuk products guide for 2020

About us

We started in 2014 because an idea came to us for a new way to introduce people to Budapest that we couldn't see on the market. This idea is to show the city as a local would but with good mobility and competent knowledge. Our guides are selected characters and experienced drivers with great knowledge of the city. They drive new Piaggio Calessino Ape "VespaCars". These three wheeled vehicles are not only charming but exceptionally capable of urban exploration.

In our fleet we currently count twelve Tuk Tuks. Each vehicle is comfortable for two to three people, depending on their personal space requirements. The arsenal can operate together perfectly for groups up to 10 vehicles. Traveling in a group of many Tuk Tuks on the streets and bridges of Budapest is unforgettable fun for every passenger.

We created a colorful selection of tours to take our passengers through the city, showing famous landmarks and hidden places on routes that are off the beaten path. These tours are customizable by the passengers, please find them below. Among our customers, we welcome the widest spectrum of people: there are solo travelers, couples, families, friends and business groups; young and old, from the four corners of the globe.

SIX STARS - A GREAT WAY TO SEE AND LEARN ABOUT BUDAPEST!

I rely on Tripadvisor for our travel plans so we typically are satisfied as the tour/hotel/restaurant was already highly reviewed. In the case of this tour I really really want to give a six star review!

1. Great customer service to accommodate our schedule. Great email communication ahead of time and the day of the tour. We texted them where we were having breakfast and they met us right there.

2. Flexible - Offered to adapt any part of the tour to meet our interests so long as we kept to the number of hours.

3. Lots of stories and facts about the sites we visited. But even more impressive was very tactful commentary on Hungarian role in the Holocaust and the upcoming pride day events.

Later on in our stay we took the Hop-On, Hop-Off bus with another couple and we found that we were able to add all these details and stories based on our experience on this Tuk-Tuk tour.

Excellent company. Excellent guide. Excellent experience.

ABSOLUTELY BEST TRIP OF THE HOLIDAY!

Our guide was David and he was an exceptional guide with so much knowledge that we came away from our trip with an insight to the city that we had not expected. He asked on collection from our hotel if there was anything we would particularly like to see - we explained that this was our last day and we had seen most things (top attractions/places to see) He didn't hesitate to then take us on a tour for 2 and half hours showing us everything we had not seen in our previous three days touring the city. The trip was unbelievable. We couldn't have asked for a better time and it was the highlight of our trip. We couldn't thank David enough - a young guide with an immense amount of knowledge and made us feel very welcome. Thank you..

TUK TUK ADVENTURE

We braved the cold and booked a Tuk Tuk tour with this company and my husband and I absolutely loved it. Peter, our guide was a wealth of knowledge and was able to answer all our questions. He was friendly, kind and so patient with us allowing us to go off and explore some of the places that took our breath away. It was wonderful to have such a personal touch. As part of the tour we finished with a hot delicious bowl of goulash which was the perfect ending. A fabulous way to explore beautiful Budapest when you first arrive.

GREAT TOUR OF BUDAPEST!

We went on a 4 hour private tour with Tu and Mike. We had a great time and went to a lot of places. They were very knowledgeable and friendly! They took the time to talk about the history and let us get out of the Tuk Tuk's to take pictures and check out some of the food vendors that were selling at the Szimpla Kert which is a ruin bar. They had a great sense of humor and we really enjoyed our time with them! Thank you for making the experience an unforgettable one!

(Junibor being an association of young Hungarian winemakers.)

EXCELLENT TOUR GUIDE

My husband and I went on a tuk tuk tour one afternoon in Late April. Our tour guide was Eric and he was amazing. He did everything he could do to avoid the traffic on the streets. He took us to some hidden gems along the way. He tailored the tour to places we had not seen before. We ended our tour at a bar where we were given wine and cheese which was a nice added touch. I would highly recommend this tour if it is a nice day outside and also when you first arrive to the city.

WORTH EVERY PENNY

We had the fabulous Zoltar as our very informative guide. He was fabulous and we loved the pride he has when he talked about his home. We were with him for two hours and could hop on and off wherever we liked. He took us to the Citadel and the Castle District in Buda and through Heroes Square, Little Paris and all around Varosliget which is a real life fairytale castle. He showed us some of the ruins bars and was happy to give restaurant recommendations. He was knowledgeable, spoke great English and was a thoroughly lovely travel companion. This was our favourite thing about Budapest and a great way to see some of the amazing architecture from behind a toasty blanket. Highly recommended by us

DON'T MISS THIS!

We booked the Budapest Tuk tuk tour directly through their website. We are four friends. I can definitely say it was one of the best tours we have ever taken (and we have taken a lot). Peter and Michael were awesome - knowledgeable, but very fun and down to earth. My highest recommendation. Book directly, they will pick you up at your hotel. Much cheaper than Viator. We had a great tour! My highest recommendation, Peter and Michael made it extra special with their local knowlegde and as someone who cannot walk without assistance, they made that easy too. Don't hesitate. Book it, you will not be dissapointed.

GREAT WAY TO SEE BUDAPEST. DO IT!

Great from start to finish! Paul picked us up from the hotel and we spent the next few hours zooming around The city, stopping along the way at all the main spots. Paul was super helpful and knowledgeable. Felt safe the whole time. A nice touch was a little bottle of local schnapps and sweet. Felt very superior to the people on the tourist buses who were having the generic city tour. We included the pub ruin stop and the boat tour. Both great. Do it, you won't regret it (just wrap up accordingly in winter, but they provide blankets. We took the roof down even in January for better views) thanks Paul!

A FANTASTIC WAY TO SEE BUDAPEST AT NIGHT

We booked our evening TukTuk tour at the last minute through our hotel and were pleased they were able to secure a driver for us (even though he had to come back to work!) - sorry we have forgotten his name. What a fantastic way to see the sights of Budapest at night. Our driver was very knowledgeable and friendly and was able to take us right to the best places for photo opportunities and happy to take photos of us. We had seen the TukTuk's out and about during the day & wished we had booked a day trip as well rather than the hop-on-hop off bus. Next time! Thank you for a wonderful evening.
